To Lorena Water Customers:

Starting on your October bill you will see an increase of roughly 23% in your water rate. This is due to an increase from our water supplier for the transmission and filtration of the water that we receive from the Brazos River. The Mayor, City Council Members along with City Staff did everything possible to keep cost down and will continue to do so and also look for other options. Right now, water purchase and usage are at a premium and we are at the mercy of the suppliers.

If you would like to discuss this matter further, please feel free to call City Hall at 857-4641 and schedule an appointment with me. I will be more than happy to visit about this.

Thank you,

A handwritten signature in blue ink that reads "Tommy Ross".
