

Construction Notice

ATTENTION COMMUTERS, BUSINESSES AND RESIDENTS IN THE COMMUNITY OF LORENA, TX

As part of an effort to provide your community with High Speed, Fiber-to-the-home services. Rise Broadband in conjunction with its General Contractor Hernandez Utilities LLC. will be installing facilities along the utility Right-of-Way. Construction will consist of: Underground Directional Drilling and the installation of vaults along the city, county, and state easements, as well as exploratory potholing activities of the existing utility lines. Aerial fiber installation along the existing pole infrastructure may require access to backyard power provider utility easements, residents will be notified prior to accessing this type of easement.

WHAT: Installation of Underground & Aerial Communications facilities

WHEN: Starting on January the 13th with the operating hours of 8am – 5pm Monday – Friday

WHERE: Throughout the City in Utility easements

WHY: To provide services that connect communities to the World

WHAT TO EXPECT:

- Potholing consists of excavating a hole with a vacuum truck/shovel to locate marked /known underground utilities. Once an underground utility is located the hole is filled back in.
- State law requires all utilities to be marked before digging can occur in public utility easements. Locators will be marking known lines throughout the construction process.
- HDD or Horizontal directional drilling is a minimal impact trenchless method of installing underground utilities along a predetermined underground path that causes minimal traffic disruption and minimal disturbance to landscape.
- Restoration will be conducted on a reoccurring basis throughout the project to ensure that the terrain is restored back to a similar condition that existed prior to construction activities.
- While our teams will be working in conjunction with city, county, and state authorities to identify all utilities, records may be missing or facilities undocumented which could potentially

cause disruption of services. As per our values to provide a superior experience to our communities, we will be assisting to quickly resolve any issues that may occur.
